

This certificate has been produced for

## Schäfer + Peters GmbH

Zeilbaumweg 32  
74613 Öhringen

It confirms the delivery of power and transfer of guarantees of origin for renewable energy relating to electricity for the time period

**from 01.01.2025 to 31.12.2027.**

### Data relating to generation facilities

Locations: Various locations, including locations in Austria, Switzerland and Scandinavia

Amount to be delivered: Approx. **1,101.000 MWh** / year

The amounts generated from renewable energy and purchased for the end customer Schäfer + Peters GmbH will satisfy the stringent criteria of the **“CMS standard for renewable energy generation” of Technischer Überwachungsverein (TÜV)** for renewable energy.

An annual audit at the power plants concerned will provide evidence that these criteria are being satisfied. The guarantees of origin will be transferred in the year following delivery.

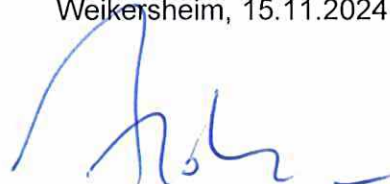

The end customer Schäfer + Peters GmbH will therefore save an annual total of

**371.037 tons of CO<sub>2</sub>**

(basis: electricity mix for Germany as at November 2023)

and actively make an important step to help protect the climate.

Weikersheim, 15.11.2024
